

## Stainsafe® Carpet Care

Here are a few cleaning tricks which will be useful for your **Stainsafe®** carpet. If you follow them, your carpet will give you great satisfaction for many years.

### Prevention is better

Place mats in front of the house door to trap the dirt. This will stop outside dirt from getting onto your carpet. Bear in mind that a dark carpet won't show dirt and stains as much as a light carpet will.

### Vacuum regularly

To preserve your carpets beauty and appearance for a long time, we recommend that you vacuum the whole carpet area at least twice a week. We recommend a vacuum cleaner with rotating softbrushes as this is the best way to remove deep-down dirt and the carpet pile will recover more quickly. These vacuum cleaners are a little more expensive, but far more effective although their use is not recommended on deep pile 'shaggy' texture carpets. Stains can best be removed with a carpet cleaning product. Read the instructions for use carefully and always treat stains as quickly as possible.

### Clean in-depth

Every two years, we recommend that you clean your carpet in-depth in order to preserve its appearance. To find out the adequate cleaning procedure, ask your specialised store, which will give you the proper advice.

### First aid for stains

#### 1. React quickly

Do not allow stains to dry in, but remove them immediately with a clean kitchen cloth. Remove solid elements with a spoon. Find out the type of stain, so that you can look up the most suitable product in the stain table.

#### 2. Thorough treatment

Handle the stain with a clean kitchen cloth, working in from the outside so as to prevent spreading and smudging. For most stains a carpet care product can be used. If none is available, soak the kitchen cloth in the product indicated in the table. Use the correct quantity of the

product, not too much, not too little. Make sure you rinse the carpet to remove the care product and the dirt. Wait until the area is completely dry before walking on it again.

#### A Water

Dab off the stain as far as possible with a clean white kitchen cloth. Then treat the stain with a damp cloth and dab it off again, until no further dirt adheres to the cloth.

#### B Soap powder solution

(1 tablespoon soap powder to 1/4 l water) Dab off the stain as far as possible with a clean white kitchen cloth. Then treat the stain with a cloth soaked in soap suds and then dab it off again, until no further dirt adheres to the cloth.

**Important:** Only repeat dabbing with clean water and remove soap residues with a clean cloth.

#### C Dry cleaning solvent

Dab/rub the stain with a cloth soaked in dry clean solvent. Repeat until no more dirt is visible on the cloth.

**Important:** Never apply care products directly to the stain!

## WHY WORRY?

### Living in luxury, guaranteed **Stainsafe®**

**Balta Broadloom**, the wall-to-wall carpet division of the Balta Group, is introducing a new range of innovative products under the brand name **Stainsafe®**. These new carpets combine remarkable softness with superior wear characteristics and offer complete protection against stains. The fibres absorb no moisture. This means that dirt and any liquids which are spilt do not penetrate the fibres. Most stains can easily be removed with the usual domestic cleaning products.

**Stainsafe®** broadloom carpets in 100% PP and marked with the label 'Bleach Cleanable', may even be cleaned with diluted bleach (10%). A **Stainsafe®** warranty brings you peace of mind. There are countless ways for your carpet to get dirty ... With **Stainsafe®**, we guarantee you a trouble free carpet for many years!

**Stainsafe® warranty:** Balta is the leading European carpet manufacturer and has decades of experience in the production of easy-to-clean carpets in polypropylene fibres. Balta draws on this know-how to constantly improve the raw materials used. The materials used for **Stainsafe®** carpets are selected with the greatest care and conform to the toughest standards.

After years of persistent research, Balta has succeeded in developing the **Stainsafe®** collection produced with a carpet fiber which repels dirt and is very easy to clean. Thanks to these developments, Balta is now able to offer a **Stainsafe®** warranty up to 20 years depending on the type of product.

The easy-to-clean characteristics of **Stainsafe®** are obtained without chemical treatment.

### The **Stainsafe®** carpets are:

- Guaranteed stainsafe
- Easy to clean
- Wear resistant
- Not treated with chemicals
- Environmentally friendly
- Hygienic

Only for carpets in 100% Polypropylene

## Stainsafe® Warranties

### Peace of mind!

#### Limited **Stainsafe®** warranty

**Stainsafe®** carpets, with the Stainsafe Warranty, will resist stains by foods and beverage for many years when recommended carpet care and cleaning procedures are used. Regular carpet care and routine maintenance is essential to maintain your warranty coverage. It is important that you give immediate attention to any accidental spillages using clean water or a proprietary carpet cleaner. Over time, normal foot traffic and general soiling of your carpet will cause a change in any carpets appearance.

Regular in depth cleaning is required to maintain your Balta warranty. This service must be performed by a professional carpet cleaning technician at least once every 24 months. Retain your receipts for proof of maintenance service should a warranty claim arise.

#### Limited **Wear** warranty

Balta warrants that with proper care and maintenance, the pile of your carpet with Wear Warranty will not wear by more than 10% by weight from normal foot traffic for a period of many years. Wear is defined as abrasive fiber loss and not changes in appearance. This warranty covers only abrasive wear resulting in loss of fibre. Wear or damage from tears, pulls, cuts, pilling, shedding, matting, crushing, burns, pets, improper cleaning, improper installation, or defective construction is specifically excluded.

Check the guaranteed warranty period on the technical specs or sample books of each product.

For detailed warranty conditions, see [www.stain-safe.com](http://www.stain-safe.com)

A **Stainsafe®** carpet is ideal for every house, where it will remain clean and beautiful for a long time.
